Dear Sir:

The only publication on Paper Money of which we know, was issued a few years ago by Mr. George H. Blake, 12 Highland Avenue, Jersey City, N.J. This is very complete up to the time of issue, but naturally does not include the Federal Reserve Notes. I think Mr. Blake sells this book at One Dollar, and I would advise you to enter into communication with him. He is well posted and can probably give you all the information you desire.

Very truly yours,

Curator
